## **VICTHOM ANNOUNCES RESIGNATION OF MICHEL AMSALEM AS BOARD MEMBER**

**Quebec City (Canada), March 6, 2009** - Victhom Human Bionics Inc. ("Victhom" (TSX: VHB)), today announced that Mr. Michel Amsalem, citing personal reasons, has submitted his resignation from the Board of Directors of Victhom, effective March 5, 2009. Mr. Amsalem was elected as a Director at the Annual General Meeting of Shareholders last June 9, and also served as a member of the Corporate Governance, Compensation and Nomination Committee. In his letter to the Board, Mr. Amsalem indicated that he would be happy to remain available to the Board of Directors and the management of the Company, at their discretion, for any help or advice he might be able to offer.

Mr. Daniel Johnson, Chairman of the Board, thanked Mr. Amsalem for his effective and constructive contribution to the Company as a Director, and wished him continued success in his other endeavors.

### **About Victhom**

Victhom discovers, develops and manufactures bionic devices involved in the treatment of a variety of physical and physiological dysfunctions. Victhom's Neurobionix division focuses on the development and commercialization of technologies and products involving implantable devices that feature neurosensing and neurostimulation components, integrated with artificial intelligence. Victhom's Biotronix division develops biomechatronic products to support or replace peripheral limbs in what is known as the orthotics and prosthetics market.

### **FORWARD-LOOKING STATEMENTS**

Some of the statements made herein may constitute forward-looking statements. These statements relate to future events or our future financial performance and involve known and unknown risks, uncertainties and other factors that may cause Victhom's actual results, performance or achievements to be materially different from those expressed or implied by any of Victhom's statements. Actual events or results may differ materially. We disclaim any intention, and assume no obligation, to update these forward-looking statements.
